CONGRESSMAN DAN NEWHOUSE
WORKING FOR CENTRAL WASHINGTON

Congressman Dan Newhouse FY23 Community Project Funding Request Form

Thank you for your interest in applying for a Community Project Funding grant. My office is currently accepting eligible requests for project funding which will help improve the lives of Central Washington and support the economic prosperity of our state.

Only government entities and nonprofits are eligible to apply.

Each member of the House is permitted to submit up to 15 Community Project Funding requests. Please note that we may be in touch with additional questions if your application is accepted for further consideration. In order for your project to be considered, please complete the following fields **before April 11**.

Community engagement and support is crucial in determining which projects are worthy of Federal funding. Only projects with demonstrated community support will be considered. This recommendation builds on past Committee reforms, and Members will be required to present to the Committee evidence of community support that were compelling factors in their decision to submit the request. Examples of these include, but are not limited to:

1. Letters of support from elected community leaders (e.g. mayors or other officials);
2. Press articles highlighting the need for the requested Community Project Funding;
3. Support from newspaper editorial boards;
4. Projects listed on State intended use plans, community development plans, or other publicly available planning documents; or
5. Resolutions passed by city councils or boards.

Please be sure to ensure compliance with the detailed and program-specific guidance listed below.

Guidance:
https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

Note: If you have any issues with this form, please reach out to Travis Martinez at travis.martinez@mail.house.gov (mailto:travis.martinez@mail.house.gov) or call the DC office at 202-225-5816

* Required

Contact Information

Please provide a point of contact at your organization who our staff may contact regarding your request.

1

Recipient organization's name: *

Note: The recipient must be a government entity or nonprofit organization.

2

Contact name: *

Who is the best point of contact for this request if we have additional questions?

3

Contact phone number: *

4

Contact email address: *

5

What is the location of the proposed project or service? If your project is specific to a military installation or site, please list that as well. *

6

Request amount:

If applicable, please also note the amount of the total cost of the project as outlined in the STIP or TIP.
 *

7

Purpose of the request: *

8

Why is the project a priority for WA-04? Please explain the community benefits this project would yield. *

9

Why is this project a valuable use of taxpayer funds? *

10

Please include a budget of how the funds will be used: *

11

If there are additional costs necessary to complete the project, have those been secured? These may include matching funds, nonprofit/corporate funds, local government contributions, etc. *

12

Does the entity plan to make grants to other entities from the funds provided, and if so, which entities? *

13

Has any funding for the project been included in any presidential budget request, and if so, how much, in which fiscal year, and in which agency(ies) or program(s)? *

14

Has the project received federal funding before, and if so, how much, when, and from which agency(ies) or program(s)? *

15

Is this request being submitted to any other members? If so, who? *

16

If available, please list community organizations supporting this project. Please email letters of support in one document to WA04CPF@mail.house.gov (mailto:WA04CPF@mail.house.gov). Should you have any questions, please call Travis Martinez in the DC office at 202-225-5816.

In addition, in the subject line please include [Requesting Entity Name], [Project Name], - Letters of Support *

17

Is there anything else we should know? Please include any applicable committee-specific information, such as whether an environmental review has been conducted, etc. *

18

Can the project obligate all appropriated funds within 12 months after enactment? If the answer is no, this project may not be a good candidate for CPF funding.
*

◯ Yes

◯ No

◯
Other

19

What are the estimated start and finish dates for the project? Please format as follows:

Start: [mm/yy]
End: [mm/yy] *

20

Is funding requested by a governmental or non-profit organization? Please provide information to support the recipient's status and include the organization's Employer Identification Number (EIN). *

Eligible accounts: *

Appropriations Subcommittee on Defense

The Subcommittee on Defense will accept project requests in the following accounts, which is identical to last year:
1. Research, Development, Test, and Evaluation Army
2. Research, Development, Test, and Evaluation Navy
3. Research, Development, Test, and Evaluation Air Force
4. Research, Development, Test, and Evaluation Space Force
5. Research, Development, Test, and Evaluation Defense-Wide

The subcommittee will not accept project requests in any other account. Further guidance can be found below.

DearColleague Letter:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/documents/FY23%20Defense%20Dear%20Colleague.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/documents/FY23%20Defense%20Dear%20Colleague.pdf)

General Guidance:
https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

22

Provide the name of the specific recipient for the project request and the amount requested for fiscal year 2023.
*

23

Provide a description of the desired outcome of the project and how it would benefit the Department of Defense.

*

24

List the line number and Program Element number proposed to fund the project. This information can be found in the budget justification documents that will be posted at https://comptroller.defense.gov/Budget-Materials/ (https://comptroller.defense.gov/Budget-Materials/).
*

25

Is the project being requested in another bill?
*

26

State whether the request is a new or existing project; if existing, whether it previously received federal funds; and if so, identify the account, amount of funding, and fiscal year.
*

27

List the required funding in future years and the source of that funding.
*

Determine whether the program could start in a limited capacity if the Appropriations Committee cannot fully fund the request.
 *

Appropriations Subcommittee on Homeland Security

The Subcommittee on Homeland Security will accept project requests in the following accounts.
1. Pre-Disaster Mitigation Grants
2. Emergency Operations Center Grants

The subcommittee will not accept project requests in any other account.

Note that project funding for fiscal year 2022 ranged between $36,000 and $3,000,000 for Emergency Operations Center grants and between $150,000 and $9,950,000 for Pre-Disaster Mitigation grants. The Committee does not expect to fund projects for fiscal year 2023 that exceed the maximum amounts for fiscal year 2022.

In addition, while the Committee will otherwise try to provide the full federal cost share for funded CPFs, overall demand may limit their ability to do so. As such, please denote the minimum amount of federal funding a project may require in order for it to move forward.

Further guidance can be found below.

Homeland Security Guidance Document:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20Homeland%20Security%20Member%20Project%20Instructions.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20Homeland%20Security%20Member%20Project%20Instructions.pdf)

General Guidance:
https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

29

Eligible Accounts *

◯ Pre-Disaster Mitigation Grants

◯ Emergency Operations Center Grants

30

Please include a project description consisting of not more than 1,000 characters. Please include the type of CPF project at the beginning of the description (Pre - Disaster Mitigation Grant or Emergency Operations Center Grant).
*

31

Include a budget describing in detail how the requested federal funding will be used by the grantee.
*

32

Include an explanation of why the project is a good use of taxpayer funds—
this information must also be included on the Member's official House website.
*

33

Is another member of Congress making the same request? *

○ Yes

○ No

General Guidance:
https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

34

If the request is for a preservation project, does the property meet the SAT requirement to be listed in the National Register of Historic Places at the national level of significance or to be designated a National Historic Landmark, either individually or as contributing to an historic district?
*

35

Is the recipient one of the eligible entities under the HPF, as identified in 54 USC 308901?
*

36

What type of eligible entity is the recipient?
*

38

37

Does the recipient have in place, or a plan to provide, the one-to-one match with non-federal cash and/or in-kind contribution?
*

38

Would the requested project fund an eligible activity under the SAT program?
*

39

Is the applicant prepared to accept the required preservation easement/covenant that
is required by the program?
*

40

Has this project been completed or advanced beyond emergency stabilization?
*

41

Is the applicant financially sound and capable of managing a federal grant so to minimize the risk of fraud, waste, and abuse and loss of federal funding?
*

Service, State and Private Forestry Programs? Landscape Scale Restoration, Forest
Health Management, Cooperative Fire Assistance, Forest Stewardship, or Urban and
Community Forestry
  *

◯ Yes

◯ No

Provide evidence to support the project's eligibility within a specific State and Private Forestry program. Some examples include: (If landscape scale restoration) Does this project meet the eligibility requirements of the Landscape Scale Restoration program as listed in the instructions on the Forest Service website? (If Forest Health Management) Is this project treating a specific insect, disease, or invasive plant infestation listed in the FY23 Forest Service Budget Justification? (If Urban and Community Forestry) How does the project meet the goals outlined in the 2016-2026 Urban Forestry Action plan?
 *

Appropriations Subcommittee on Energy and Water Development and Related Agencies

The Subcommittee will only consider CPF requests in the following accounts and areas:

Corps of Engineers:

- Investigations
- Construction
- Mississippi River and Tributaries
- Operation and Maintenance

Bureau of Reclamation:

- Water and Related Resources

Department of Energy:

- Topics include: energy efficiency, renewable energy, sustainable transportation, cybersecurity, energy security, emergency response, electricity, energy storage, nuclear energy, fossil energy, carbon management, critical minerals.

The online database will not allow CPF requests to be entered into any accounts other than those listed above.

Energy Guidance Document:

53

The Subcommittee will only consider CPF requests in the following accounts *

◯ USACE - Investigations

◯ USACE - Construction

◯ USACE - Mississippi and Tributaries

◯ USACE - Operations and Maintenance

◯ BOR - Water and Related Resources

◯ DOE - Energy Efficiency, Renewable Energy, Sustainable Transportation

◯ DOE - Cybersecurity, Energy Security, Emergency Response

◯ DOE - Electricity, Energy Storage

◯ DOE - Nuclear Energy

◯ DOE - Fossil Energy, Carbon Management, Critical Minerals

54

Has this request been submitted to another subcommittee this fiscal year? *

◯ Yes

◯ No

Please select the E&W account you are seeking funding from to be directed to additional, specific questions.

If your account is not listed, please note that you have answered all of the questions for your specific account. *

◯ Department of Energy Projects

◯ Corps and Reclamation Projects

Additional Questions for Department of Energy Projects

Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY%2023%20Energy%20and%20Water%20Member%20Request%20Guidance.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY%2023%20Energy%20and%20Water%20Member%20Request%20Guidance.pdf)

56

Please provide an explanation of the benefit of the project to addressing the nation's energy challenges. This should not repeat the Project Description already provided.

57

Please provide the minimum amount of funding, or smallest useful increment of funding, that could be used to advance the project or complete a discrete segment of the project if the full requested amount is not available. According to the Appropriations Committee, if the minimum amount exceeds available funding, then the project may not be funded.
 *

Please select which type of project this is.

For research or development activities of a basic or fundamental nature, please select "basic or fundamental science".

For research or development activities of an applied nature, please select "applied research and development".

For demonstration or commercial application activities, please select "demonstration or commercial".

For projects that contain elements of more than one of the categories above, please select "combination". You will be required to provide an explanation in the following supplemental question.

For any other type of project, please select "other". You will be required to provide an explanation in the following supplemental question.
*

○ Basic or fundamental science

○ Applied research and development

○ Demonstration or commercial

○ Combination

○ [   ]

Other

59

If "combination" was selected above, please provide list each relevant category of the project.

If "other" was selected, provide an explanation of how the project does not fit into the categories of the previous question but still meets the mission of the Department of Energy.

[ ]

60

Please indicate yes or no if the recipient has the ability to meet the statutory cost sharing requirements that may apply to the project. As a reminder, statutory cost sharing requirements may apply to the project, as required by section 988 of the Energy Policy Act of 2005.

Cost sharing requirements are available for review in the link above. *

○ Yes

○ No

61

Was funding for this project enacted in FY22? *

○ Yes

○ No

If so, what was the enacted amount in FY22?

Additional Questions for Army Corps and Reclamation Projects

Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY%2023%20Energy%20and%20Water%20Member%20Request%20Guidance.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY%2023%20Energy%20and%20Water%20Member%20Request%20Guidance.pdf)

63

If the project is included in the president's budget request, **please note the additional amount above the budget request** that you are requesting for this project.

64

Was this project included in FY22 enacted legislation? If so, please list the enacted amount **plus** the amount in any Corps or Reclamation work plan (if applicable)

65

What is the official project name as assigned by the Corps or Reclamation?

If applicable, please not the project authorization.

If you are making a request for a Continuing Authorities Program (CAP) project, please provide the specific CAP section applicable to your project request (such as "204," "1135," etc.)

If you are making a request for an Environmental Infrastructure (EI) project, please provide the EI program authorization, including the Public Law and specific section number (such as "Section 595").

Appropriations Subcommittee on Military Construction and Veterans Affairs

There are three different kinds of CPFs under the MILCON/VA Subcommittee:
1) Construction and Unspecified Minor Construction (Active)
2) Construction and Unspecified Minor Construction (Reserve)
3) Planning and Design

Construction and Unspecified Minor Construction (Active or Reserve)
An unspecified minor military construction project is a project that has an approved cost equal to or less than $6,000,000. The types of projects under this heading include construction, installation, equipment of temporary or permanent public works, military installations, and facilities.

Each project request must be for fiscal year 2023 funds only and cannot include a request for multiyear funding. In addition, to be eligible, requested projects must be shovel ready in fiscal year 2023, with 35 percent design complete, and must be positioned to have contracts awarded in fiscal year 2023. Reserve Component projects will additionally require a corresponding State funding match that will be verified.

If individual projects have not been previously authorized, requests must also be submitted to the House Armed Services Committee (HASC) for inclusion in the fiscal year 2023 National Defense Authorization Act (NDAA). Previous authorizations expire after three fiscal years. All projects must have a corresponding DD Form 1391, which is used by DoD to submit requirements and justifications in support of funding requests for military construction to Congress and can be found by contacting the Congressional Liaison Offices of the Armed Services.

Planning and Design
Planning and design funding can be requested for specific projects when they are not yet at 35 percent design and therefore ineligible for construction funding. The types of projects under this heading include improving facility resilience, study, planning, design, and architect and engineer services.

Lists of Eligible Community Projects
The eligible lists of community projects are those that are submitted to Congress by the Secretary of Defense or his/her designee. Projects that only appear on a project list provided by a base commander, as opposed to the Secretary or his/her designee, will not be accepted. Such eligible lists include:

- Future Year Defense Program (FYDP)
- Unfunded Requirements/Unfunded Priorities Lists (UFRs/UPLs)
- Cost-to-completes (CTCs)

Subcommittee on Military Construction and Veterans Affairs Guidance Document:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20MilConVa%20Member%20Request%20Guide.pdf

◯ Done

◯ Will do

74

If a Reserve Component project, does it require a State funding match? *

◯ Yes

◯ No

75

Is the project at 35 percent design and shovel-ready in FY 2023?
*

◯ Yes

◯ No

76

If a construction funding request, has the Environmental Impact Study been initiated?
*

◯ Yes

◯ No

77

Was the project previously authorized? If not, has a corresponding request been submitted to HASC?
*

Appropriations Subcommittee on Military Construction and Veterans Affairs

VA has three types of construction projects: Major Construction (projects that are expected to cost above $20,000,000), Minor Construction (projects that are expected to cost equal to or less than $20,000,000), and Nonrecurring Maintenance (NRM) (projects that consist of upkeep, construction and maintaining building systems). The classification of each construction project is determined by VA.

Community project funding requests are eligible ONLY for VA Minor Construction projects. VA's Minor Construction program includes capital projects with costs equal to or less than $20,000,000, particularly projects that construct new space instead of renovating existing space. Examples may include expanding existing facility square footage to provide additional healthcare capacity, construction of specialty care buildings or clinics, building of parking structures, or expanding gravesite space at cemeteries.

The Committee will only consider projects that appear on VA's Integrated Departmentwide Priority List for 2023 Construction Projects (2023 Construction SCIP List). This list will be included in the FY 2023 President's Budget submission. The yearly Construction SCIP List includes projects that have been reviewed by VA and are determined to be at an advanced enough stage to receive funds. This will ensure that Federal dollars are not set aside for projects that are not yet ready to spend them. Please note that while this list includes both Major Construction and Minor Construction projects, only Minor Construction projects will be considered for Member requests.

All community project funding requests must meet the eligibility requirements for a specific account in which the project is funded. Only certain Department of Defense (DoD) and Department of Veterans Affairs (VA) accounts in the Military Construction, Veterans Affairs and Related Agencies bill are in this category. Please follow the guidance on submitting community project funding requests within such accounts, provided below.

The Committee will only consider projects that appear on VA's Integrated Department- wide Priority List for 2023 Construction Projects (2023 Construction SCIP List). This list will be included in the FY 2023 President's Budget submission.

Subcommittee on Military Construction and Veterans Affairs Guidance Document: https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20MilConVa%20Member%20Request%20Guide.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20MilConVa%20Member%20Request%20Guide.pdf)

General Guidance: https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

78

What is the Veterans Integrated Services Network (VISN) where the project is located or VA Administration?
*

79

Is the project listed on VA's 2023 Construction Strategic Capital Investment Planning (SCIP) list?
*

80

What is the VA Construction Program Type? Note – only Minor Construction projects are eligible for CPF funding. *

81

Is the project under the subcommittee's $20 million limit? *

○ Yes

○ No

What phase is the project currently in? *

◯ Design

◯ Awaiting constrution

◯ In the middle of construction

Highway Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Highway%20Infrastructure%20Projects.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Highway%20Infrastructure%20Projects.pdf)

Airport Improvement Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Airport%20Improvement%20Program.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Airport%20Improvement%20Program.pdf)

Economic Development Initiative Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Economic%20Development.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Economic%20Development.pdf)

General Guidance:
https://appropriations.house.gov/transparency/appropriations-requests-2023 (https://appropriations.house.gov/transparency/appropriations-requests-2023)

112

Does the project have other public (federal, state, local) and/or private funds committed to meet match or cost-share requirements for costs related to construction, operations, and maintenance? If so, what is the source and amount of those funds?

Note: The cost-share requirements are defined in statute. In general, transit capital projects typically require 20 percent local share.

Example: Local sales taxes are committed for 25 percent of the funds.
*

113

Does the project require an environmental review? If so, what is the status and/or outcome of the environmental review and National Environmental Policy Act (NEPA) category of action (if applicable)?
*

○ Yes

○ No

○ N/A

Where is the project in the construction process?
*

○ Planning and Environmental Review

○ Final Design

○ Right of Way

○ Capital purchase or lease (including bus purchases)

○ Construction

○

Other

Was the project on a State, Tribal or territorial Transportation Improvement Plan (STIP) or a transportation improvement plan (TIP) as of 12/31/2021? Please provide the ID Number circled in the below example. If yes, please provide a link to the plan. *

DIVISION   1

ROUTE/CITY COUNTY	ID NUMBER	LOCATION / DESCRIPTION	LENGTH (Miles)	TOTAL PROJ COST (THOU)	PRIOR YEARS COST (THOU)
RURAL PROJECTS					
NC 45 BERTIE	R-5809 H141741	HERTFORD COUNTY LINE TO WASHINGTON COUNTY LINE. MODERNIZE ROADWAY.	24.8	23589	2219

116

Please provide a history of federal funding for the project, if any. Include both formula funds and any discretionary grants.

Example: FY20 TIGER/BUILD Grant: $10 million; FTA Formula Funds: $5 million.
 *

117

If the request does not fully fund the project, describe where the remaining funding comes from to complete the project.

Example: Unidentified State funds will compose 10 percent of the remaining cost and previously identified federal formula funds will make up the rest.
 *

118

For Highway Infrastructure projects only, please select the type of project eligible under 23 USC 133(b):
*

◯ Highway

◯ Bridge

◯ EV Charging Infrastructure

◯ Wildlife Crossing

◯ Bike/Pedestrian

◯ [   ]

Other

119

Please select the THUD account you are seeking funding from to be directed to additional, specific questions.

If your account is not listed, please note that you have answered all of the questions for your specific account.

◯ Airport Improvement Projects

◯ Economic Development Initiative Projects

Additional Questions for Airport Improvement Projects

AIP community project funding requests shall be used for enhancing airport safety, capacity, and security, and mitigating environmental concerns.

All projects must be:

- AIP eligible in accordance with sections 47101 to 47175 of title 49, United States Code, and FAA policy and guidance.
- Supported broadly by local stakeholders, including residents, businesses, and elected officials.
- Administered by an airport and/or airport sponsor.

The average award in this account for FY22 was $4 million. Note that the Committee may consider project amounts of up to $7 million for FY23, but any caps will be determined by the Chairman after reviewing the full universe of requests. Please ensure community project funding requests are not duplicative of requests to another Committee or Subcommittee.

Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Airport%20Improvement%20Program.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Airport%20Improvement%20Program.pdf)

120

Project Name *

EXAMPLE: Rehabilitate runway 6/24, Airport Name (3 letter or number airport code), City, State (2 letter postal code).

NOTE: This description may be used to list the project in the House report and should be as accurate as possible to ensure that the funding goes to the correct project and location and must include both the name of the airport and the airport code

121

How will the project contribute to the airport's disadvantaged business enterprise goals?
 *

122

Is the project AIP-eligible? https://www.faa.gov/airports/aip/aip_handbook/ (https://www.faa.gov/airports/aip/aip_handbook/)
 *

123

Has the airport submitted a grant application for this same project to FAA? If so, when? *

124

Would the project increase or decrease air traffic?
*

◯ Increase

◯ Decrease

125

Would the project increase or decrease aviation safety?
*

◯ Increase

◯ Decrease

126

Would the project increase or decrease environmental risks?
*

◯ Increase

◯ Decrease

127

Are there any stakeholders - such as residents that live near the airport, state or local officials, state department of transportation officials - that oppose the project?
*

Additional Questions for Economic Development Initiative Projects

EDI community project funding may be used for economic and community development activities, including land or site acquisition, demolition or rehabilitation of housing or facilities, construction and capital improvements of public facilities (including water and sewer facilities), and public services. Requests may also include planning and other activities consistent with previously funded activities eligible under the Community Development Block Grant (CDBG) program (title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 et seq.)), unless otherwise specified. EDI community project funding is not eligible for the reimbursement of expenses for activities or costs incurred prior to the obligation of funds, if such activities are not eligible under the CDBG program. Capital and operating expenses for fire and police stations are not eligible for EDI community project funding.

All projects must be:

- Supported broadly by local stakeholders, including residents, businesses, and elected officials.
- Administered by governmental or non-profit entities, including public housing agencies, as well as tribes and tribally designated housing entities.
- The average award in this account for fiscal year 2022 was $1.5 million. Note that the Committee may consider project amounts of up to $4 million for FY23, but any caps will be determined by the Chairman after reviewing the full universe of requests.

Guidance:
https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Economic%20Development.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20THUD%20Guidance%20for%20Economic%20Development.pdf)

128

Is the project purpose primarily for services, new construction, rehabilitation, land or site acquisition, planning, or economic development?
*

129

Does the project primarily benefit persons of low-income or Tribal communities? If yes, please describe who the project is intended to benefit.
 *

130

Who are the community partners participating in this project?
 *

131

If the project purpose is for new construction or land or site acquisition, does it comply with local zoning requirements?
 *

132

Is the project included or supported by an identified priority area within a state or local HUD Consolidated Plan? If yes, please provide a link to the plan.
 *

Is the project intended to address climate change, resiliency, mobility, or equitable access to housing or services?
 *

Appropriations Committee on Commerce, Justice, Science, and Related Agencies

If your account is not listed, please note that you have answered all of the questions for your specific account. *

◯ NIST Scientific and Technical Research and Services Projects

◯ NIST Construction of Research Facilities-Extramural Construction Projects

◯ NOAA Projects

◯ Byrne JAG Projects

◯ Community Oriented Policing Services Projects

◯ NASA Safety, Security, and Mission Services Projects

Additional Questions for NIST Scientific and Technical Research and Services Projects

Funding must be for activities consistent with and supportive of NIST's mission and within its authorities, such as STEM education activities, scientific research, or other activities that support American manufacturing and industry.

The median award in this account for FY 22 was $1,250,000. Note the Committee may consider similar or higher project amounts for FY 23. Any caps will be determined after reviewing the full universe of requests, and while there are no guarantees, projects of a modest size are more likely to receive full funding.
This account does not fund vehicles or building construction or renovation.

https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20CJS%20Member%20Request%20Guidance.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20CJS%20Member%20Request%20Guidance.pdf)

142

Has the intended recipient received any competitive grant funding or other funding from NIST at any time in the past ten years?
*

◯ Yes

◯ No

◯ [   ]
Other

143

If yes, in what fiscal years and for what purposes? *

[   ]

For any science research project request, please provide the name of the individual who is anticipated to be the Principal Investigator for the research project, as well as a link to such person's curriculum vitae, and a list of this person's peer-reviewed publications related to the topic of the requested research project. *

Additional Questions for NIST Construction of Research Facilities-Extramural Construction

This account funds the construction and renovation of research facilities, provided that such facilities will be used in a manner that is aligned with and supportive of the mission of NIST. The median award in this account was $10 million in FY 22, but this account was not open to community project funding in the House in FY 22. Note the Committee may consider lower project amounts for FY 23, and any caps will be determined after reviewing the full universe of requests. Given the expectation of limited resources and the large cost of research facilities, the Committee may not be able to fully fund all requests. While there are no guarantees, preference will be given to more modest requests.

https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20CJS%20Member%20Request%20Guidance.pdf (https://appropriations.house.gov/sites/democrats.appropriations.house.gov/files/FY23%20CJS%20Member%20Request%20Guidance.pdf)

145

Please explain how this project is aligned with the mission of NIST *

Additional Questions for NOAA Projects

Community project funding for NOAA will only be considered within the Operations, Research, and Facilities account. This account does not fund construction projects, and as such, any such requests will not be considered. Requests for funding will be considered for research, demonstration, or education projects performed by external partners or for prioritizing NOAA internal funds for geographically specific projects. Any such project must be aligned with NOAA's mission and within their existing authorities.

The median award in this account for FY 22 was $750,000. Note the Committee may consider similar or higher project amounts for FY 23. Any caps will be determined after reviewing the full universe of requests, and while there are no guarantees, projects of a modest size are more likely to receive full funding.

The subcommittee will not entertain requests for community project funding for the Office of Marine and Aviation Operations.

Coastal Zone Management funds are distributed to states on a formula basis and will not be considered for community project funding.

Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account.

146

Has the intended recipient received NOAA funding in the last ten years?   *

○ Yes

○ No

147

If yes, in what fiscal years and for what purposes? *

[   ]

For any science research project request, please provide the name of the individual who is anticipated to be the Principal Investigator for the research project, as well as a link to such person's curriculum vitae, and a list of this person's peer-reviewed publications related to the topic of the requested research project. *

Additional Questions for Byrne JAG Projects

Office of Justice Programs, Byrne JAG Grants assist state, local, and tribal law enforcement efforts to prevent crime, improve the criminal justice system, provide victims' services, and other related activities. Community projects funded under this category must comply with the requirements cited in JAG statutes and be consistent with Justice Department guidance for the program. Below are the links to the Department's guidance and frequently asked questions regarding Byrne-JAG:

- https://bja.ojp.gov/program/jag/overview (https://bja.ojp.gov/program/jag/overview)
- https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/jag-faqs.pdf (https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/jag-faqs.pdf)

The Committee encourages community project funding designed to help improve police-community relations. Historically, the Committee has not funded building construction or renovation as part of community project funding under this account.

The median award in this account for FY 22 was $500,000. Note the Committee may consider similar or higher project amounts for FY 23. Any caps will be determined after reviewing the full universe of requests, and while there are no guarantees, projects of a modest size are more likely to receive full funding.

149

Has the intended recipient received COPS or Byrne-JAG funding in the last ten years?   *

○ Yes

○ No

150

If yes, in what fiscal years and for what purposes? *

151

Is this request consistent with all current statutory and regulatory requirements of Byrne Justice Assistance Grant recipients and subrecipients? *

○ Yes

○ No

152

Is this request to fund the acquisition of property or the construction or renovation of a building? *

○ Yes

○ No

Additional Questions for Community Oriented Policing Services Projects

Funding will be provided for COPS Technology and Equipment (COPS Tech) community project grants for State, local, and tribal law enforcement to develop and acquire effective technologies and interoperable communications that assist in investigating, responding to, and preventing crime, provided that such equipment meets the applicable requirements of the National Institute of Standards and Technology (NIST) Office of Law Enforcement Standards (OLES).

The median award in this account for FY 22 was $520,000. Note the Committee may consider similar or higher project amounts for FY 23. Any caps will be determined after reviewing the full universe of requests, and while there are no guarantees, projects of a modest size are more likely to receive full funding.

This funding will allow recipients the opportunity to establish and enhance any of a variety of technical equipment and/or programs to encourage the continuation and enhancement of community policing efforts within their jurisdictions. These projects should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve.

Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account. Recipients of community project funding under this account may not subgrant to other organizations or agencies.

153

Has the intended recipient received COPS or Byrne-JAG funding in the last ten years?   *

◯ Yes

◯ No

154

If yes, in what fiscal years and for what purposes? *

[   ]

Is this request to fund the acquisition of property or the construction or renovation of a building? *

○ Yes

○ No

Additional Questions for NASA Safety, Security, and Mission Services Projects

Community project funding under the NASA Safety, Security, and Mission Services (NASA-SSMS) account must be for activities consistent with and supportive of the work of NASA's mission directorates and within the agency's authorities, such as STEM education activities and scientific research. Funding for building construction or renovation projects will not be considered for community project funding.

The median award in this account for FY 22 was $900,000. Note the Committee may consider similar or higher project amounts for FY 23. Any caps will be determined after reviewing the full universe of requests, and while there are no guarantees, projects of a modest size are more likely to receive full funding.

156

Has the intended recipient received NASA funding in the last ten years?   *

○ Yes

○ No

157

If yes, in what fiscal years and for what purposes? *

For any science research project request, please provide the name of the individual who is anticipated to be the Principal Investigator for the research project, as well as a link to such person's curriculum vitae, and a list of this person's peer-reviewed publications related to the topic of the requested research project. *
